

Customer Service

Alizeti takes pride in our quality products, superior customer service, and technical support.

Our in-house warranty & repair department can quickly diagnose and solve any issue you may be experiencing. We can process and ship most orders to you within 24-hours of receipt.

For more information, contact one of our customer service specialists.

The Alizeti Warranty

We want you to love our products as much as we do. All of our products are backed by a two-year limited warranty. Our warranty ensures you have a fantastic experience while giving you total peace of mind during the life span of our products.

Dealer Inquiries Welcome

Alizeti electric assisted E-bike systems can open up new opportunities for retail bike shops looking to attract new customers.

With the Alizeti 300C you can now easily convert most of your existing inventory to E-bikes.

The Power To Move You

Introducing The Alizeti 300C
E-bike Conversion System

www.alizetibikes.com

A Whole Lot More... For Less!

Longer Range:

Ride an average of 25 to 37 miles or 40 to 60 km with 2 battery packs

No Cogging:

Enjoy a more natural, effortless ride with no magnetic cogging effect

Versatility & Flexibility:

Repurpose your existing bike and use one or two batteries to optimize distance-to-weight ratio for optimal performance

Improved Road Safety:

Integrated drive, signalization lights, and horn provide added visibility and safety while riding

Enhanced Security:

Tamper resistant anti-theft system keeps your investment safe and secure

Easy Serviceability:

DIY servicing of the friction wheel and drive belt is quick and easy

Enhanced Connectivity:

Extended connectivity via Bluetooth, and future mobile applications

Future Upgradable:

All accessories and upgrades are compatible with all models

Sustainable Design:

Keeps older bikes out of landfills, and allows for more efficient use of your current bike for commuting or leisure

Quality & Reliability:

Designed and assembled in Canada with two-year limited warranty

Customer Service:

Quick and hassle-free service and support

Enjoyable:

No magnetic cogging effect means you can relive the thrill and freedom you felt when you first began riding your favorite bike.

Now you can affordably repurpose your existing bike with the Alizeti 300C, the full-featured, lightweight and easy to install eBike conversion system. Enjoy cycling, and healthy living without compromise.

FEATURE-RICH - A whole lot more for less!

The Alizeti 300C lets you ride safely, in comfort and style. Featuring anti-theft alarm, dual flex-power batteries, Bluetooth connectivity, integrated sound, and security system, no other E-bike conversion system offers as much value!

LIGHTWEIGHT - Only 11 lbs. including battery

Weighing only 11 lbs., the Alizeti 300C is the lightest, full-featured E-bike conversion system on the market today! Light on weight, and heavy on features.

EASY TO INSTALL - Installs in only 30 minutes

DIY setup can be completed quickly without any special tools. As easy to install as a bike rack, and servicing can be done by your favourite bike dealer.

Dual Flex-Power Batteries

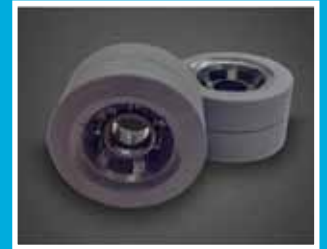

Rear Turning & Brake-Lights
